Children and Foster Status: List all children in the household in Section 1.

- Indicate that a child is in foster care by checking the box.
- Include any regular income, for example supplemental security income (SSI), to children other than foster children. Do not list occasional earnings like babysitting.

Case Number: Complete Section 2 if any household member currently participates in one of the programs listed in that section. If Section 2 is completed, skip Section 3 (adult names and incomes).

Adults/Household Incomes: List all adult household members, whether related or not, in Section 3. Include an adult who is temporarily away, such as a student away at college. Do not complete Section 3 if a case number was provided in Section 2, or if the application is for foster children only.

List each adult household member's gross incomes (not take-home pay) and how often each income is received. For example, "W" for Weekly.

- List gross incomes before deductions.
- If an income varies, list the amount usually received.
- For farm/self-employment income only, list net income after subtracting business expenses.
- Examples of "other income" to include in the last column are farm/self-employment, Veterans benefits and disability benefits.
- Check the "No Income" column after a person's name if they have no income.

Do not include as income: foster care payments, federal education benefits, MFIP payments, combat pay, or value of assistance received from SNAP, WIC, FDPIR or Military Privatized Housing Initiative.

Signature: The form must be signed and dated by an adult household member in Section 5.

You are not required to share information for this purpose and your decision will not affect your child's economic status as determined on this for.
