

Athlos Academy E-Learning Student Plan

E-Learning Days are for students so they can still engage in learning during inclement weather (snow) days. On an E-Learning Day, students in grades K-5 will continue learning from home, with support from their teachers, instead of going to school. Teachers will share curriculum-aligned assignments, school computer programs, and/or Choice (BINGO) Boards. Teachers will be accessible during their office hours in order to provide learning support to students.

Directions for Families

Students will learn through Choice Boards and/or through IXL, EPIC and Zoom.

Teachers have sent home Choice Boards per grade level. For each E-Learning day, students should complete one BINGO (Any 5 squares in a row). Check our school website for Choice Boards if your child leaves theirs at school.

Teachers have sent home IXL and EPIC logins for your student. These are an option for your student to do on E-Learning days if they have internet access.

Teachers have also emailed out their Zoom links for students to check in with their teacher on E-Learning days. This is not required, but an option for E-Learning. See Zoom office hour schedule below.

Grade Level Office Hours on E-Learning Days:

Kindergarten: 9:00-9:30

1st Grade: 9:30-10:00

2nd Grade: 10:00-10:30

3rd Grade: 10:30-11:00

4th Grade: 11:00-11:30

5th Grade: 11:30-12:00

For help, contact your child's teacher by email.

Attendance: Your child will be counted present if they attend their teacher's office time via Zoom, work on IXL or EPIC or if they return their choice board within 3 school days of the E-Learning Day.
