Employee Rights and Standards

Nature of Employment

Employment with Athlos Academy of St. Cloud is on an at-will basis. This means that the employment relationship may be terminated by either the employee or Athlos Academy of St. Cloud at any time, with or without notice, for any reason not expressly prohibited by law. At-will employees are free to terminate their employment with Athlos Academy of St. Cloud at any time, with or without reason, with or without cause or advance notice. Likewise, Athlos Academy of St. Cloud has the right to reassign, alter compensation, or terminate employment at any time, with or without reason, and with or without cause or advance notice.

Employee Status Defined

An employee of Athlos Academy St. Cloud is a person who regularly works on a wage or salary basis. Employees may include salaried exempt, non-exempt, fulltime, part-time, and temporary persons, and others employed with the school that are subject to the control and direction of Athlos Academy of St. Cloud in the performance of their duties.

Salaried Exempt

Employees whose positions meet specific criteria established by the Fair Labor Standards that are exempt from overtime pay requirements.

Full-Time

Full-time employees are those who are regularly scheduled to work 32 or more hours per week. Generally, full-time employees are eligible for the benefit package subject to the terms, conditions, and limitations of each benefit program.

Part-Time (Salaried, Hourly or Combination)

Part-time employees are those who are scheduled to work less than 32 hours per week or on an intermittent basis. Part time employees are eligible for PTO benefits only. Part-time, hourly employees are not eligible for benefits provided by Athlos Academy of St. Cloud School.

Temporary (Full-Time or Part-Time)

Those whose performance is being evaluated to determine whether further employment in a specific position is appropriate during the 30-day evaluation period, or individuals who are hired as interim replacements to assist in the completion of a specific project, work period or for vacation relief. Employment beyond any initially stated period does not in any way imply a change in employment status. Temporary employees retain that status until they are notified of a change. Temporary employees are not eligible for any of the benefit programs.

Equal Employment Opportunity (See Personnel Policy 4018)

It is the policy of Athlos Academy of St. Cloud that employment is based on merit, qualifications, and competence. It is our policy to abide by all laws pertaining to fair hiring and employment practices and to not discriminate against any employee or applicant for employment because of race, age, sex, religion, creed, color, national origin, disability, marital status, pregnancy-related condition, sexual orientation, gender identification, citizenship status, family leave status, veteran status, status with regard to public assistance, or any other protected status under federal or state law.

Reasonable Accommodation for Disabled Employees

Athlos Academy of St. Cloud will not discriminate against qualified individuals with disabilities with regard to any aspect of their employment. Athlos Academy of St. Cloud recognizes that some individuals with disabilities can perform the essential functions of a position with reasonable accommodations made at work.

Eligibility to Work

In compliance with the Immigration Reform and Control Act of 1986, all newly hired employees must complete the employment eligibility verification Form I-9 before starting work and provide documentation establishing proof of identity and eligibility to work in the United States within three (3) business days from the date of hire.

Conflict of Interest (See Board Policy 2005)

Employees of the school must avoid any interest, influence, or relationship which might conflict, or appear to conflict, with the best interests of Athlos Academy of St. Cloud, or which might affect their judgment or loyalty. Employees must avoid any situation in which their loyalty may be divided, and promptly disclose any situation where an actual or potential conflict may exist. Anyone with a conflict must disclose the conflicting interest to the Executive Director or designee. Failure to disclose is grounds for disciplinary action up to and including termination of employment.

Anti-Nepotism (See Personnel Policy 4016)

The immediate family members and those living together as domestic partners of current employees will not be employed by the school under any of the following circumstances:

- Where one of the parties would have authority, or practical power, to supervise, appoint, remove, or discipline the other;
- Where one party would be responsible for auditing the work of the other; or,
- Where other circumstances exist which would place the parties in a situation of actual or reasonably foreseeable conflict between the interest of one or both parties and the best interests of the school.

A potential employee has the responsibility to notify the hiring agent of any relationship to current employees. All incoming employees are required to read and sign the school's nepotism policy upon employment.

If two employees marry, or begin living together as domestic partners, and as a result, the circumstances prohibited exist; only one of the employees will be permitted to stay employed with the school. The decision as to which employee will remain with the school must be made by the two employees within thirty (30) calendar days of the date they marry, or begin living together as domestic partners. If no decision has been made during this time, the most recently hired employee will be terminated.

In considering the employment of an employee's "immediate family" or a relative beyond "immediate family" members the school must ensure that the relative has:

- The appropriate education and or credential for the job

- Outside work experience related to the position, and that
- The position is an existing and vital position with a published job description, determined pay and performance expectations

Prohibiting Discrimination (See Personnel Policy 4022)

Athlos Academy of St. Cloud will not advocate or permit workplace discrimination on the basis of race, creed, color, national origin, religion, age, sex, gender identity, pregnancy-related condition, veteran status, disability, or any other protected status under federal or state law, among its employees and its students. Discrimination against an individual because of their association with another individual for the abovementioned criteria is likewise prohibited.

Employee Harassment Policy (See Personnel Policy 4012)

Athlos Academy of St. Cloud's position is that harassment undermines the integrity of the employment relationship. All employees have the right to work in a safe environment free from all forms of discrimination and conduct which can be considered harassing, coercive, or disruptive, including sexual harassment. Anyone engaging in harassing conduct will be subject to disciplinary action up to and including termination of employment.

Harassment

Harassment is defined as unwelcome verbal, visual, written or physical conduct, which creates an intimidating or hostile work environment. Some examples include but are not limited to the following: derogatory comments or jokes regarding a person's race, color, age, religion, sex, national origin, sexual orientation, citizenship status, disability, physical appearance, or any other legally protected characteristic or activity; and includes the distribution or display of written or graphic materials which have the same effect.

Sexual Harassment

According to the Equal Employment Opportunity Commission (EEOC), sexual harassment is defined as unwelcomed sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly as a term or condition of employment;
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions;
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Examples of sexual harassment include, but are not limited to:

- Unwelcome sexual flirtations, touching, advances, jokes or propositions;
- Coercive demands for sexual favors;
- Verbal abuse of a sexual nature;
- Graphic or suggestive comments about an individual's dress or body;
- Sexually degrading names or words to describe an individual;
- Sexually suggestive or insulting sounds or gestures, including whistling;
- Creating, transmitting, viewing, storing or displaying in the workplace any sexually suggestive objects, pictures, electronic images or words; or
- Suggestive or obscene letters, emails, texts, or notes.

Reporting Procedures for Harassment

In handling harassment, or sexual harassment, if it is safe to do so, employees are encouraged to first politely, but firmly, confront whoever is engaging in the inappropriate conduct, and request that the person cease the unwanted behavior immediately. If the person refuses to cooperate, report the incident immediately to the Executive Director or designee in accordance with the reporting procedures.

- Complete a written complaint using the *Employee Harassment Reporting Form*, accessible from Human Resources.
 - If the complaint involves the Executive Director, the complaint should be filed directly with Human Resources.
- Complaints under this policy will be investigated by Human Resources and/or the Executive Director, in as confidential a manner as possible.

- If an investigation confirms that harassment has occurred, Athlos Academy of St. Cloud will take corrective action as appropriate against the violator, up to and including termination of employment.
- The Federal Equal Employment Opportunity Commission and the appropriate state agency investigate and prosecute complaints of prohibited harassment in employment.
- In the event a complaint of harassment is found to be either maliciously raised or is without basis, appropriate disciplinary measures may be taken against the employee who brought the complaint.

Whistleblower Protection Policy (See Personnel Policy 4030)

We require our employees and volunteers to practice the highest levels of business and personal ethics when conducting their duties and responsibilities. This means that school personnel must practice honesty and integrity in their job duties and comply with all applicable laws and regulations. The objectives of this Whistleblower Policy are to establish policies and procedures for:

- The submission of concerns regarding questionable accounting or auditing matters by employees on a confidential and anonymous basis;
- The receipt, retention, and treatment of complaints received by Athlos Academy of St. Cloud regarding accounting, internal controls, or auditing matters; and
- The protection of reporters from retaliatory actions.

Reporting Procedures for Whistleblowers

1. A confidential report will be made directly to the Executive Director or designee;
 - Concerns regarding the Executive Director will be made to Human Resources.
2. The Executive Director or designee will notify the Governing Board.
3. The Executive Director will notify the reporter and acknowledge receipt of the reported concern within 10 business days, if possible.
4. No employee who, in good faith, reports a concern will be subject to retaliation or adverse employment action.

Retaliation Policy (See Personnel Policy 4030)

No employee or volunteer who, in good faith, reports a concern will be subject to retaliation or adverse employment action. Any person who so retaliates will be subject to disciplinary action up to and including termination of employment.

Likewise, an individual who reports a concern who is not acting in good faith, does not have reasonable grounds for believing the information disclosed indicated an improper accounting or auditing practice, or who makes unsubstantial allegations that prove to have been made maliciously, recklessly, or with the foreknowledge that the allegations are false, may be subject to disciplinary action, up to and including termination of employment.

Grievance Process (See Student Policy 5501)

Under normal working conditions, employees who have a job-related problem, question or complaint should first discuss it with the appropriate person or school employee. At this level, employees usually reach the simplest, quickest, and most satisfactory solution. If this does not solve the problem, or if mediation is required, the employee may talk with the Executive Director who will work to resolve the situation. The Director will keep the Human Resources Coordinator and the School Board informed of any final written warnings or possible legal issues and concerns.

Grievance Process for an employee with a job-related problem or complaint:

- Discuss problem or complaint with appropriate staff member
- If the matter cannot be resolved, discuss the problem with the Executive Director, who may use mediation, and who can be an arbiter in making a decision
- If the resolution reached by the Executive Director is not satisfactory, the staff member with the complaint should go to the School Board, who will be the final arbiter in the grievance process. If the Executive Director is the subject of the grievance, the individual should take the complaint to the Human Resources Coordinator.

Open Door Policy

Athlos Academy of St. Cloud will attempt to treat all internal grievances as confidential, recognizing, however, that in the course of resolving internal complaints, some dissemination of information to others may be necessary or appropriate.

Mediation Process

If warranted, school administration will bring both parties to engage in the mediation process, conducted on the basis of the following points:

- Identifying both parties' needs and interests;
- Generating alternatives and solutions;
- Choosing a solution that provides maximum joint benefit; and
- Enforcing non-retaliation.

In cases where mediation fails, or a resolution cannot be reached by the Executive Director, Human Resources Coordinator or designee, the matter may be elevated to the attention of Athlos Academy of St. Cloud's Governing Board. In serious cases, state or federal agencies may become involved as well.

Hiring & Dismissal

Licensing Requirements for Teachers (See Personnel Policy 4028)

Athlos Academy of St. Cloud's licensed employees are required to hold a valid teaching certificate, permit, or other document equivalent that makes them eligible to perform those services in the state of Minnesota. Copies of licensing documents, undergraduate and graduate level transcripts, and any other documents relevant to the credentials of being a licensed professional should be submitted to the Human Resources Coordinator.

Teachers must have graduated from a credentialing program. Candidates with ESL endorsements may be given preference over candidates who are otherwise equally qualified for a position. Substitute teachers need to provide proof of appropriate licensure prior to providing substitute services.

Background Checks (See Personnel Policy 4002)

Anyone at Athlos Academy of St. Cloud with significant access to students, or unsupervised time spent with students, is required to submit to a background check prior to engaging with students; including all employees, volunteers, substitutes, or emergency replacements.

The Executive Director is responsible for supervising students to ensure their safety, and provides heightened supervision of substitutes, emergency replacements, volunteers and/or guest speakers, until a background check clears.

Background Checks Procedure

- If a person is denied employment or dismissed based on information in a background check, they will receive notice of the reason, and will be given the opportunity to respond.
- The cost of the background check will be paid by Athlos Academy of St. Cloud.

Discipline or Dismissal of Employee (See Personnel Policy 4017)

Dismissal of employees are without discrimination and in compliance with Minnesota Stat. § 181.932.

Resignation

Employees resigning from employment should provide resignation in writing (hard copy or via email is acceptable) to the Executive Director or Human Resources as soon as possible once they know they will be leaving the school.

Job Abandonment

If an employee does not show up to work for three (3) consecutive scheduled work days, without notice or a prior request for time off approved by the Executive Director or designee, the school will consider the employee to have voluntarily resigned from their employment with Athlos Academy of St. Cloud. It is the employee's responsibility to notify the Executive Director or designee if they will be away from work.

Return of Property

Terminating employees must return all Athlos Academy of St. Cloud equipment, keys, etc. to the Executive Director or designee.

Processing the Final Paycheck

The terminating employee must provide the final timesheet and, if applicable, any outstanding expense reports in order for Human Resources to process the final paycheck check. An employee may be held responsible for un-returned or damaged materials or equipment. However, wages may not be deducted for broken equipment or lost money etc., unless after the loss occurs, the employee gives voluntary written authorization for their wages to be deducted or the employee is found liable by a court.

Should an employee be involuntarily discharged, they will receive their final paycheck no later than the next regularly scheduled payday.

Employee Confidentiality

The only personal information about employees that Athlos Academy of St. Cloud collects is that which relates to their employment. Access to this information is limited to people with a need to know and any release of the information to others must be authorized in advance by the Executive Director. Personal information is released outside Athlos Academy of St. Cloud only with employee approval, except to satisfy legitimate investigatory or legal requirements or as allowed for under data sharing agreements Athlos Academy of St. Cloud has with third party entities as described in the Tennessee Warning.

If employees have access to any of Athlos Academy of St. Cloud's confidential information, including private student and/or employee information, they are responsible for acting with integrity. Unauthorized disclosure or inappropriate use of confidential information will not be tolerated.

Confidentiality of Employee Records (See Personnel Policy 4004)

Athlos Academy of St. Cloud enforces relevant laws designed to govern access to and control of government records, effectively protecting the dissemination of confidential employee records. The following private personnel records include, but are not limited to:

- Employment records that would disclose that individual's home address, phone number, Social Security number, insurance coverage, marital status, or payroll deductions;
- Medical records containing data on individuals describing medical history, diagnosis, condition, treatment, evaluation, or similar medical data;
- Information obtained through a criminal background check; and
- Other records containing data on individuals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy under state or federal law.

In accordance with *Community Relations Policy 8008*, an employee, on his or her request, will be permitted to examine their personnel file, which is kept in a secure location at the school. Personnel records, whether positive or negative, are maintained in this file and not in a separate file that can be presented later. An employee must be given a copy of any material in their file upon request.

If any individual employee information changes, the employee is responsible to promptly make the changes (such as change in address, phone number, marital status, credentialing etc.) in writing to Human Resources. Failure to update a change in address may result in a delayed or lost payroll check.

Updating Employee Information

It is the responsibility of each employee to promptly notify the Human Resources Coordinator of any changes in personnel data such as: mailing address, telephone numbers, marital status, name and number of dependents, and, individuals to be contacted in the event of an emergency.

An employee's personnel data should be accurate and current at all times. It is the responsibility of each employee to maintain and update the license/certification required for their position.

Please utilize the *Employee Change Form* to update information. Failure to update address changes may result in delayed or lost payroll checks.

Employee Leave

Requesting Leave

All leaves of absence must be requested and approved at least two weeks in advance by the employee's supervisor through the Frontline absence management system. Frontline can be accessed online or by phone according to the absence management procedures. In the case of emergency or last-minute notice, employees must make contact with their supervisor or Human Resources by phone or email.

Preparing for Substitutes

To maintain consistency for students, teachers are expected to prepare for absences. Staff requiring a substitute will keep an easily accessible folder that contains information to support a substitute including (to be adjusted per job duties):

- Lesson Plans
- Class Lists/Seating Charts
- Instructional Grouping Lists Class & Team Schedules
- Teacher Schedule including any duties
- Emergency Management Plans
- Medical information for special needs students
- Expectations for behavior
- First Aid information

Lesson plans should also be attached to the absence in the Frontline system or emailed to the HR Specialist.

Paid Time Off (See Personnel Policy 4038)

Athlos Academy of St. Cloud makes an effort to provide competitive leave policies that are compliant with state requirements. Leave is approved by the Executive Director or designee on a first come first serve basis. Leave should not be taken on PD days, blackout days, or within the last two weeks of employment unless approved by the Executive Director.

Each employee receives Paid Time Off leave information specific to their position upon employment. Visit the policies section on the school website for most up to date leave policies.

Family Medical Leave Act (See Personnel Policy 4019)

Athlos Academy of St. Cloud fully complies with the federal Family and Medical Leave Act (FMLA) which requires the school to grant eligible employees leaves of absence for specified purposes. FMLA Leave is up to 12 weeks of unpaid leave.

Eligibility

Full-time employees are eligible for FMLA Leave, including Military Caregiver Leave, if they have been employed by Athlos Academy of St. Cloud for at least one year, worked at least 1250 hours during the 12-month period immediately preceding commencement of the leave, and are employed at a worksite where Athlos Academy of St. Cloud employs at least 50 employees within a 75-mile radius.

Part-time employees may be eligible for FMLA Leave based on the hours they work.

An eligible employee's leave entitlement under the FMLA is limited to a total of 12 workweeks of leave in a 12-month period for any one or combination of the events for which FMLA Leave is available.

An eligible employee who takes Military Caregiver Leave is entitled to a combined total of 26 workweeks of FMLA Leave during a single 12-month period for Military.

Requesting FMLA

An employee should request FMLA Leave or Military Caregiver Leave by completing a Request Form and submitting it to Human Resources. Employees requesting FMLA or Military Caregiver Leave should provide not less than 30 days' notice, or such shorter notice as is practicable. When possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt Athlos Academy of St. Cloud's operations. Retaliation against employees for taking leave protected by the FMLA is prohibited by law.

FMLA Leave may be taken for any of the following reasons:

- Birth of a child;
- Adoption of a child;

- Placement of a foster child;
- A serious health condition of the employee;
- Care of a spouse, child, or parent with a serious medical condition; and/or
- A military qualifying exigency arising as a result of a spouse, child, or parent being on active duty or having been notified of an impending call or order to active duty in the Armed Forces.

For the duration of FMLA leave, the employer must maintain the employee's benefits, including health coverage under any "group health plan," as described above. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms. Contact Human Resources for inquiries or concerns regarding job reinstatement and pay.

Military Caregiver Leave Provision

Along with the criteria for FMLA Leave, Military Caregiver Leave may be taken up to 26 weeks to care for the employee's child, parent, spouse, who is a current member of the Armed Forces, or a member of the Armed Forces, the National Guard, or Reserves who is on the temporary disability retired list, and has a serious injury or illness that was incurred in the line of duty for which they are undergoing medical treatment, recuperation, or therapy.

Other Time Away from Work

Holidays

All employees will be provided a calendar of dates that they are expected to work with the employment offer; holidays are designated on this calendar.

Bereavement Leave (See Personnel Policy 4038)

Employees working more than half-time will be granted up to three work days of leave with pay in the event of a death of a member of the immediate family. PTO may be used to cover non-eligible funerals. Immediate family member is defined as a parent, child, spouse or domestic partner, or legal dependents who live in the employee's household.

Other Leave

Employees are allowed time off to serve on an inquest jury, trial jury, or to appear in court as a witness as required by law. Once an employee receives a summons, they are required to notify the Executive Director or designee. It is expected that the employee will report to work if released from duty on any given day.

An employee may require a request for a leave of absence for other reasons. In accordance with Minn. Stat. §§ 181.940-181.944, an employee who does not qualify for parenting leave under the FMLA may qualify for a 12-week unpaid leave under Minnesota's Parenting Leave Law. Requests are approved on a case-by-case basis by the Executive Director, in conjunction with Human Resources, if necessary.

Employee Conduct and Disciplinary Actions

Standards of Conduct

Standards of conduct have been developed for all school personnel to maintain day-to-day relations with fellow employees. Employees are expected to be professional at all times. Employees should not engage in behavior detrimental to Athlos Academy of St. Cloud's reputation or in violation of school policies. Such conduct may result in an evaluation of the employee's job performance.

The following violations are considered misconduct and may result in disciplinary action up to and including termination of employment. Since it is impossible to enumerate every act or omission that would justify the imposition of disciplinary action, the following list is not intended to be all-inclusive.

- Unexcused absence and/or lack of punctuality;
- Release of confidential information without authorization (*See Personnel Policy 4004; Student Policy 5105*);
- Possession of or reporting to work while under the influence of alcohol or other controlled substances (*See Personnel Policy 4026*);
- Any willful act that endangers the safety, health or well-being of another individual;
- Possession of firearms, or any other weapon, while acting within the course of employment with Athlos Academy of St. Cloud;
- Failure to follow any established policy or procedure of Athlos Academy of St. Cloud;
- Violations of federal or state laws affecting Athlos Academy of St. Cloud or status of employment with Athlos; and
- Failure to report a violation (*See Personnel Policy 4023*).

Dress Code Policy (See Personnel Policy 4010)

It is expected that all employees present a professional manner in both actions and appearance while performing work duties.

All employees are expected to maintain appropriate standards of neat and professional dress and grooming. The key point in determining what is appropriate work attire is the use of common sense and good judgment, applying the dress standards as outlined below. Clothing should be appropriate for

activities such as field trips, conferences, and other Athlos Academy of St. Cloud related off-site activities.

Employees will adhere to the following dress standards:

- Standard work attire is expected to be “business casual”, although teachers may exercise their discretion in wearing professional athletic wear in support of the school’s movement-oriented curriculum.
- Guidelines establishing limits on teacher athletic wear may be set by the Executive Director.
- All employees should always be dressed in a manner that is more professional than the student uniform dress.
- Clothing should be appropriate for activities such as field trips, conferences, etc.
- Clothing should fit appropriately – not too tight or too loose.
- Clothing should be clean, neat, and modest.
- Particularly with athletic wear, modesty and professional appearance should be favored over comfort and range of motion when in conflict.
- Footwear should not interfere with safety.
- Dressy denim pants are acceptable. All school personnel are encouraged to wear school spirit wear, as well. While some days are more casual, it is still expected that the clothing will adhere to the above dress standards.

Repeated policy violations will result in disciplinary action. Clarifying questions about acceptable work attire should be directed to the Executive Director.

Employee-Student Relationships (See Personnel Policy 4033)

At all times, whether on or off duty and whether on or off school grounds, students will be treated by teachers and other school employees with respect, courtesy, and consideration and in a professional manner.

- Teachers and other school employees must be mindful of their inherent positions of authority and influence over students.

- Each school employee is expected to exercise good judgment and professionalism in all interpersonal relationships with students. Such relationships must be and remain on an employee-student basis.
- Excessive informal and social involvement with individual students is unprofessional, is not compatible with employee-student relationships, and is inappropriate.

Any interaction/activity of a sexual nature between school employees and students, without regard to the age of the student and whether occurring on or off duty and on or off school grounds, are strictly forbidden and may subject the employee to criminal liability as well as disciplinary action up to and including termination in accordance with Minn. Stat. § 122A.40, Subd. 13.

Reports of alleged violations of this policy will be directed to the Executive Director or designee.

Electronic Communications (See Personnel Policy 4009)

The Director or individuals designated by the Director may conduct formal or informal evaluations and planning sessions more often if they, or the employee, choose to. Staff should understand that lesson plans are not due to the Director on a weekly basis, but that unannounced evaluations will be common as a means of ensuring meaningful, goal-oriented teaching.

Corrective Action

Athlos holds each of its employees to certain work rules and standards of conduct. When an employee deviates from these rules and standards, the school administration will take corrective action.

Corrective action is progressive. That is, the action taken in response to a rule infraction or violation of standards typically follows a pattern of increasing in seriousness until the infraction or violation is corrected or the employee agreement is terminated.

Though committed to a progressive approach to corrective action, Athlos considers some rule infractions and violations of standards as grounds for immediate termination of employment. These include but are not limited to: theft in any form, insubordinate behavior, creating inappropriate situations with colleagues or students, vandalism or destruction of school property, the use of school equipment and/or school vehicles without prior authorization, untruthfulness about work history, skills, or training, divulging school business practices or other sensitive information, undermining of school decisions, practices, or policies, and misrepresentations of Athlos to a student, guardian, a prospective student/guardian, the general public, and/or another employee.

Confidentiality of Student Records (See Student Policy 5105)

The student education records contained in Athlos Academy of St. Cloud's electronic and physical data sources are subject to the provisions in the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g.

With few exceptions, FERPA prohibits schools from disclosing personally identifiable information contained in student education records without prior written guardian consent. Violation of FERPA could subject Athlos Academy of St. Cloud to severe penalties including the termination of eligibility to receive funding under any applicable federal program.

However, one exception, which permits disclosure without prior guardian consent, is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Athlos Academy of St. Cloud personnel may not disclose any of the personally identifiable information they acquire in the course of their duties to other parties who are not school officials unless they have obtained prior written parental consent in accordance with FERPA guidelines for the disclosure.

Personally identifiable information includes, but is not limited to:

- Student names;

- Names of students' guardians or other family members;
- Student or student families' addresses;
- Personal identifiers, such as student social security numbers or school-assigned student numbers;
- Lists of personal characteristics that would make student identity easily traceable; and/or
- Other information that would make a student's identity easily traceable.

Teachers are expected to maintain a relationship of trust and respect with each student, and in doing so, will not reveal student grades, scores, or other performance data to individuals other than the respective student, the student's guardians, and other school officials with a legitimate educational interest.

Notwithstanding this need to maintain confidentiality of student records, there are instances in which staff are required to report information about students, such as in the case of potential abuse (see Section 8.1) and in cases where a student has a history of violent behavior. If any staff member or other employee obtains or possess information indicating that a student has a history of violence as defined in *Personnel Policy 4039*, they are obligated to report it to the Executive Director. This information will be disseminated to classroom teachers and other relevant staff as outlined in policy.

Expectations for Communication with Guardians & Community

Regular communication between teachers and guardians is essential to a positive understanding between the school and the home. Teachers are responsible for creating an open and supportive environment that encourages the honest expression of concerns and enables them to assist the guardian in resolving any problems. Guardians of AASC students are assured upon enrollment that there will be high levels of communication between teachers and guardians. These are the required elements of communication to guardians from teachers:

- Attend all scheduled Student Led Conferences
- Inform guardians by phone, in person, or by email if a student's grade drops below passing, or after any sudden and substantial change in performance or behavior
- Communicate in order to eliminate surprises: guardian should not receive negative news about their student's performance or behavior for the first time at conferences or upon receipt of report cards

- Prompt communication: respond within two school days to email or phone inquiries from guardians
- Participate in problem-solving process: attend team meetings and work with guardians and school staff to correct student performance or behavior problems
- Keep website information up to date and reliable

The suggested process for meetings with guardians is as follows:

- Set an appointment with the guardian and any other staff members involved. Whenever practical, the student in question should be present.
 - Be prepared for the meeting. Create a hospitable meeting space and consider having relevant student work or copies of handbooks available.
- Ask the guardian if they have discussed the matter with the student and ask the student to describe how they understand the situation. Listen closely. Take notes. Send the message that the student's best interest is in mind.
- Try to identify common ground and come to a mutually agreeable solution. Ask the guardian or student what they see as the next steps and use that as a starting place for creating a positive plan. Remember that you are responsible for facilitating a successful meeting.
- If the guardian is still not satisfied with the conclusions, suggest that the guardian request a conference with a School Administrator. Let the School Administrator know as soon as possible of the details of the situation.

Acceptable Use of the Internet (See Technology Policy 7401)

Internet access at Athlos Academy of St. Cloud is provided to students through school and personal devices for a limited educational use including the completion of classroom activities and educational research.

Student use of this network is a privilege, not a right, and is subject to the guidelines offered by *Technology Policy 7401* and local, state, and federal laws. Violations of this policy or any relevant laws may result in revocation of student access in addition to other consequences according to the school's Positive Behavior Support Plan. Inappropriate use includes, but is not limited to:

- Accessing, posting, distributing or storing materials inappropriate for or disruptive to an educational setting, including obscene, vulgar, threatening, disrespectful, or hateful materials,

- Posting of false or defamatory information,
- Any illegal activities including gambling, copyright infringement, and hacking,
- Attempting to gain access to files or systems the student does not have permission to access,
- Posting private information about others without their consent,
- Use of personal social media networks, and
- Attempts to circumvent safety measures, including content filters, put in place by the school.

If a student inadvertently engages in inappropriate use of the internet, they should alert school staff immediately.

A content filter is in place to limit access to obscene materials and materials that may be harmful to minors. Attempts to circumvent this filter are a violation of this policy. Despite the use of this and other security features, use of the school's internet is at the student's own risk and the school cannot guarantee that inappropriate use will not occur. The school does not accept liability for loss, damage, or unavailability of data stored on school drives or servers, for mis-deliveries or non-deliveries of information or materials across the network, or for the accuracy or quality of information obtained through the network. The school shall not be responsible for financial obligations arising through unauthorized use of the school's system or the Internet.

Use of the school's network should be with a limited expectation of privacy. The school does not relinquish control over materials stored on the school's network. Routine maintenance and monitoring of the system may result in discovery of violation of this policy or applicable law. Additionally, individual investigations may be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school policy. Guardians may request access to their student's files and emails at any time and may request termination of a student's account at any time. Information stored and created on the school's network by students shall be treated as student data and protected as described elsewhere in this handbook.

Approval of Field Trips (See Personnel Policy 4001)

The purpose of this policy is to establish the considerations that must be observed prior to granting approval for a field trip that requires transportation. All proposed field trips must be pre-approved by

the school administration primarily to limit any potential risks. Administrative consideration for approval include:

- The trip's alignment to academic standards;
- The trip's intent to supplement, not supplant, curriculum; and
- Any competing risk or liability issues associated with travel, destination, or activity.

Standards for Gifts & Gratuities

Athlos Academy of St. Cloud discourages gift-giving to school personnel. Staff will abide by Minn. Stat. §10A.071 with regards to gifts and will not take gifts of more than a minimal value (\$5 per student) from guardians or parent organizations.

Standards for Using Video & Images in Teaching

Athlos Academy of St. Cloud trusts teachers to make wise decisions about visual media shown to students, and Athlos Academy of St. Cloud also respects the thoughtful choices individual guardians make about images they choose or choose not to have their students witness. The basic expectation is that visual images be age appropriate, have educational value, and have an obvious connection to the curriculum. Athlos staff need to abide by copyright laws as they apply to all intellectual materials, including books and various visual imagery.

Expense Reimbursement (See Personnel Policy 4034)

Requests for reimbursement must be itemized on an official school form and are to be submitted to the Office Manager. Receipts for lodging, commercial transportation, registration and other reasonable and necessary expenses must be attached to the reimbursement form. Automobile travel will be reimbursed at the mileage rate set by Athlos Academy of St. Cloud's Governing Board.

Safe Workplace

The cooperation of every employee in enforcing the following policies and procedures is necessary to foster a safe learning environment for Athlos Academy of St. Cloud personnel and students.

Expectations for Monitoring of Students & School Facility

All employees who are issued keys to the schools are responsible for their safekeeping. The last employee, or a designated employee, who leaves the school at the end of the business day assumes the responsibility to ensure that doors are securely locked, the building is secure. Administration reserves the right to charge employees for the cost of lost keys, including the re-keying of the building.

In order to promote a safe and violence-free school, Athlos Academy of St. Cloud staff are expected to monitor their classrooms or offices as well as school hallways, restrooms, and general commons areas. Any staff member who has a student or students in their workspace is expected to monitor those students. When the staff member is leaving their workspace the door to the room should be locked so that students cannot be in the room without staff supervision. Additionally, staff is responsible for the monitoring of hallways or commons areas in the vicinity of their workspace, particularly during transition times. Staff who have students assigned to them during school hours are directly responsible for monitoring those students. Staff should not send students out of the classroom to an unsupervised area of the school.

General Safety Expectations (See Personnel Policy 4024)

Common sense and personal interest in safety are the greatest guarantees of creating a safe work environment. Help others by reporting unsafe conditions or hazards immediately to the Executive Director or designee. Be diligent in ensuring offices are free of any potential hazards.

To ensure safety, please observe and obey the following rules and guidelines:

- Pile materials, bins, boxes, or other equipment so as **not** to block exits;

Employee Keys and Security Codes (See Personnel Policy 4013)

Certain employees are issued keys (restroom, mechanical and/or electronic) to Athlos Academy of St. Cloud offices and facilities. These keys are never to be loaned out or given to anyone except management. For each Athlos Academy of St. Cloud classroom, office or facility, the designated personnel open and close the classrooms, office or facility. Closing or opening an Athlos Academy of St. Cloud classroom or office includes turning off the lights, electronic equipment and locking windows and doors.

Visitors & Volunteers in the Workplace (See Community Relations Policy 8003)

To provide for the safety and security of employees, visitors, and the facilities, only authorized visitors are allowed in the school workplace and will be required to sign in at the front desk when students are in the building. Restricting unauthorized visitors helps ensure security, decreases insurance liability, protects confidential information, safeguards employee welfare, and avoids potential distractions and disturbances. All visitors must enter through the main reception area. This expectation applies to spouses, partners, and all family members, friends and acquaintances of AASC staff.

Child Abuse and Neglect Reporting (See Personnel Policy 4003)

Athlos Academy of St. Cloud believes that the daily contact of school personnel with children places them in a unique position to identify and refer suspected cases of child abuse or neglect to child protective services or law enforcement.

Child abuse is broadly defined as a physical injury that is inflicted by other than accidental means on a child by another person. Athlos Academy of St. Cloud employees are required to report real or suspected instances of child abuse or neglect when the employee has a “reasonable suspicion” that child abuse or neglect has occurred. Reasonable suspicion arises when the facts surrounding the incident or suspicion could cause another person in the same situation to suspect child abuse or neglect.

Reporting Child Abuse or Neglect

- All employees of public institutions are mandated reporters of suspected child abuse or neglect and are obligated to take immediate action by reporting to the Executive Director or school counselor.
- The Executive Director or school counselor will then contact child protective services or law enforcement.
- The oral report is to be followed by a written report within 36 hours.
- The child's guardians may **not** be contacted.
- If a child is released to a child protective services agent, or a law enforcement officer, the reporter will **not** notify the guardians as required in other instances of removal.

All new employees at Athlos Academy of St. Cloud, at the time of hire, will be required to sign an acknowledgement of their duty to report any and all instances of known or reasonably suspected child abuse or neglect. Please see Human Resources for details.

Stat. 121A.582, teachers, principals, or other agents of the district in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to themselves or another. Only staff members with current CPI Certification may use restraining holds on Special Education students; see *Student Policy 5509* for more details. The Special Education Director will distribute an annual list of CPI trained individuals.

Substance Abuse and Drug Free Workplace (See Personnel Policies 4026 and 4035)

Athlos Academy of St. Cloud believes that quality education is not possible in an environment affected by drugs or alcohol. It will seek, therefore to establish and maintain an educational setting which is not compromised by the use or evidence of use of any drugs or alcohol.

In accordance with federal and state laws, Athlos Academy of St. Cloud prohibits the manufacture, use, possession, concealment, or distribution of drugs, alcohol, or any drug paraphernalia by employees on school grounds, in school or school-approved vehicles, or at any school-related event. This prohibition extends to use or tobacco or tobacco-related devices, or electronic cigarettes. Arriving to school or a school-related event impaired from the use of alcohol or a drug is likewise prohibited. Drugs include anabolic steroids, dangerous controlled substances, or substance that could be considered a “look-a-like” controlled substance.

Compliance with this policy is mandatory for all school personnel. Any violators of this policy will be subject to disciplinary action, in accordance with due process up to and including termination of employment. Athlos Academy of St. Cloud will discipline to the fullest extent permitted by state and federal law.

Drug and Alcohol Testing

All employees of Athlos Academy of St. Cloud will undergo a drug screening test when reasonable suspicion exists to believe that they are under the influence of drugs or alcohol. Reasonable suspicion primarily arises from observable symptoms of the use or of being under the influence of alcohol or drugs including:

- Presence of drug or alcohol paraphernalia;
- Any involvement (even indirectly) in an accident or near-miss that resulted or may have resulted in an employee injury or property damage or loss;
- Reports of drug or alcohol possession, use and/or distribution;

Reporting Suspected Violations Involving Drug and Alcohol

If any Athlos Academy of St. Cloud employee has reason to believe that another employee is engaged in substance abuse in violation of this policy, they are required to report this fact to the Executive Director

or designee. Failure to report may result in disciplinary action up to and including termination of employment.

From that point, the Executive Director or designee, in accordance with school policy, will authorize a *Reasonable Suspicion Drug Test Authorization Form*. The employee suspected of drug or alcohol use will be directed to provide a sample for testing immediately. Failure to acquiesce to a drug test will result in disciplinary action up to and including termination of employment.

After the Executive Director and the suspected violator sign the form, Human Resources will assume responsibility for proper processing. Pending the results of such a test, the employee will be removed from duty.

Counseling and Rehabilitation Provision

Employees who fail a drug or alcohol test must be provided the opportunity to participate in, at the employee's own expense, a counseling or rehabilitation program prior to being discharged. The Executive Director or designee will consult with a certified chemical use counselor or physician before providing the last-chance agreement. Should the employee decline the school's offer, the employee's employment with Athlos Academy of St. Cloud will be terminated. An employee may be considered to be retained only if they agree to a counseling or rehabilitation program, successfully complete any or all job duties, and abide by all school policies.

Legal Compliance

Athlos Academy of St. Cloud ensures compliance with such federal and state record keeping and notice requirements as apply to employee drug and alcohol testing programs.

This policy extends to all school facilities and

school property including lockers, cubbies, desks, personal possessions, and all off-campus school events. Notification is not necessary before a search is conducted.

Any employee found to be in possession of disallowed substances or weapons will be disciplined accordingly. Law enforcement may become involved if an employee is in possession of illegal substances or a weapon or if school administration deems it necessary.

Required Reporting of Employee Arrests (See Personnel Policy 4023)

Crisis Management

Athlos Academy of St. Cloud has adopted a federally compliant crisis management plan. All employees are required to read and sign acknowledgement of their duties in a crisis. All employees will participate in annual training regarding crisis management. Employees should regard the crisis management plan as highly confidential for the purposes of student safety. Electronic and hard copies should be stored securely and communication about plan details should only be discussed with employees, and administrators. This plan may be adjusted by the Governing Board, and updates will be communicated to employees by the Executive Director. The current *Crisis Management Plan and Quick Reference Guide* are available in the front office.

Teachers should expect monthly announced emergency drills as well as several unannounced drills throughout the year.
